Dear

We have approached the end of our fiscal year and still have a large amount of unclaimed winnings. Our Records indicate that we have not received a claim for your last year's winnings amounting to \$580,000.00. This claim is now seriously overdue. This claim must be made immediately to avoid prize disqualification. If a claim is not sent to us right away, we are afraid your file will be closed without further notice.

Our review shows that you were allocated ticket number 4337898 with serial number AL-99876 for the final draw held on February 08, 2006. The prize allocated to your number is \$780,000.00 (Seven Hundred Eighty Thousand).

CONGRATULATIONS!!

We strongly advise you to claim your prize as soon as possible. The money is currently placed under government bond and will be released upon you placing a claim against it. You have ten business days during which your claim form must be filled and placed in by you or your agent. As soon as you receive this letter, please call one of our customer service representatives at 1-866-235-4269 or one of our account managers at 1-866-824-9968. This call will also serve to confirm receipt of this letter and you will be able to initiate transfer of your funds to the bank of your choice.

We have deducted the taxes from the award. The government will receive their portion of the winnings after you have received your portion and confirmed with us. You are however responsible for a one time insurance fee. This insurance is mandatory, and varies depending on the amount won.

We recognize that most people would not be in a position to pay the premium prior to receiving their award, and therefore as it has been our tradition, we will advance you the entire amount of the insurance cost, so you can pay the premium and take care of incidentals.

WE STRONGLY discourage you from announcing your winnings until you receive your prize money to avoid multiple claim processing and fraudulent claims. The **American Lotto Exchange** holds exclusive right to terminate your claim processing upon any breach of this condition.

Best Regards,

Robert Arthur
